

Out and About around the Parish

A number of damaged or missing street signs have been replaced by Brentwood Borough Council after perseverance at both Parish and Borough level and it is hoped further damaged signs will be addressed in the coming months. Thanks goes to County Councillor Lesley Wagland who escalated some of our major potholes.

Reinstating damaged fingerposts remains a constant issue with Essex County Council feeling they are not a priority or indeed needed. Funding is being looked at as an option to address this, as you can appreciate we have an amount that now need attention.

Notice boards in the Parish are being painted over the coming weeks in order to tidy them up for use to show forthcoming community events.

Forthcoming community projects include litter picking. Please join a community litter pick on the fourth Sunday afternoon of each month starting in April. Details to follow.

Playground tidy up – Can you help us tidy up our playground at the village hall for our children to enjoy now the brighter days are coming?

Please email navestockpcclerk@gmail.com to express your interest.

Garden/Community Area- Now the Parish Pavilion has received funding to help with its completion from CIF funding by County Councillor Lesley Wagland, the Parish Council are looking at creating a garden area to enable the children of Little Doves Christian Pre-school and future community groups to grow and nurture a small community garden. Alan Marsh an arborist with the council and his wife are offering their advice and funding options are being investigated. Is it project you may be interested in getting involved in?

Please email navestockpcclerk@gmail.com to express your interest.

Our annual July village show is fast approaching. Can you help with planning, help set up or help on the day? Do you have a talent you can demonstrate, a business you run or would like a stall in order to help make this a great community event.
